

Cod: 11210007

## Glass ceramic hotplate with smooth countertop 1.5 kW

### Description

Our hotplates are made with an AISI 430 steel body and a Schott glass ceramic cooking surface of the highest quality. The glass ceramic hotplates are particularly suitable for cooking meat, fish and vegetables; and thanks to the radiant heating elements, easy, fast and even cooking is guaranteed. You cook directly on the hotplate without using pots or pans, in a healthy and fat-free way. Our glass ceramic hotplates can be customised to suit the needs of each individual customer.
