4-burner gas cooker with pilot flame and cast iron cooking plate 35.4 kW 120x70x85h cm

Description

4-burner gas cooker with pilot flame and cast-iron cooking plate, stainless steel construction. Thermosetting plastic knobs. Thick cast-iron cooking plate with rounded corners, made of a single casting. Removable central round insert. Central circular stainless steel burner, suitable for operation at high temperatures. Maximum temperature of approx. 500 °C at the hottest central point. Heating by means of overlapping crown stabilised flame burners with different power ratings (6.2 kw and 8.5 kw). Each burner is equipped with a safety gas cock that allows the power to be adjusted from maximum to minimum. Safety guaranteed by a thermocouple kept active by the pilot burner flame. Floor grates and burners made of RAAF matt enamelled cast iron resistant to alkalis, acids and fire. Floor grates positioned on a moulded basin with rounded edges to ensure easy cleaning and protect against overflowing liquids. Moulded basins with rounded stainless steel edges located under the burners and easily removable for cleaning. Laser-cut top finish to ensure a "head-to-toe" matching of tops and binding of tops to each other. Height-adjustable stainless steel feet. Tested with methane or LPG gas according to user requirements.

Dimensions

Dimensioni esterne	1200x700x850 mm
