Countertop electric cooker 4 cast iron three-phase hotplates 10 kW 80x70x25h cm

Description

Electric counter-top cooker, 4 cast-iron plates, stainless steel construction. Knobs made of athermal material with functional serigraphy on the edge.

Heating by means of **square electric radiant cast-iron plates**. Each plate has three heating elements embedded in a layer of insulating material. Each plate has a switch that allows the power to be adjusted **from maximum to minimum in seven positions**. Safety is ensured by a temperature limiter placed inside the hotplate.

Stainless steel work surface to ensure perfect plate housing, easy cleaning and to protect electrical components from overflowing liquids. Front cover in AISI 304 stainless steel.

The hotplates are placed at the same level as the worktop to form a smooth surface that makes it easier to move the pans.

A drip pan for collecting liquids is **supplied**.

Laser-cut worktop finish to ensure a "head-to-head" coupling and binding of the worktops together.

Dimensions

Dimensioni esterne	800x700x250 mm
