

Cod: 112280011582721

Electric cooker 2 glass ceramic hobs with open compartment 8 kW 40x90x85h cm

Description

Stainless steel frame. Knobs in athermal material with functional serigraphy on the edge.

6 mm thick black glass-ceramic top. Heating obtained thanks to **square irradiation plates measuring 30x30 cm with double power circuit** fixed under glass and controlled by a thermostat with maximum temperature of 420°C: when the plate reaches the desired temperature, only one circuit remains in operation to prevent excessive cooling of the cooking zone. Protection guaranteed by a safety thermostat with automatic reset at 530°C integrated in the radiating plate.

Worktop in 2 mm thick AISI 304 stainless steel with rounded edges for easy cleaning. AISI 304 stainless steel front cover.

Laser-cut top finish to ensure a "head-to-head" matching of tops and binding of tops to each other.

Height-adjustable stainless steel feet.

Dimensions

Dimensioni esterne	400x900x850 mm
