Pizza dough tray trolley with handle

Description

The **stainless steel pizza dough trolley** is for transporting dough boxes within your workshop or kitchen. This **made in Italy product** is the **professional pizza equipment** you have been missing! Sturdy and easy to use, the trolley has a handle, also made of stainless steel, for quick and easy handling; on the really sturdy base, you can stack **60x40 cm pizza dough boxes**.

The overall size of the article is 72x42x96h cm, allowing you to store the trolley in spaces of discrete dimensions, without creating clutter on your floor surface. It also allows you to optimise the sanitising operations of the boxes when they are transported (conveniently stacked vertically), inside the area dedicated to washing utensils to be cleaned before their reuse.

Thanks to the 4 swivel castors \varnothing 12.5 cm, you can glide smoothly over any surface and avoid unpleasant accidents during transport. The **dough containers** are not included in your purchase, but you can select them in the quantity you want as an additional item in our online shop.
