

Cod: 11013001021278

Indirect heating electric cooker capacity 55 l

Description

Electric cooker, stainless steel construction. Balanced stainless steel lid. Knobs made of athermal material with functional serigraphy on edge.

Indirect heating by means of **INCOLOY heating elements** with cavity and steam circulation. Cavity pressure controlled by safety valve. Analogue pressure gauge and safety thermostat. **Three-position** power adjustment switch. Working thermostat to regulate the temperature inside the cooking vessel.

Cooking tank with AISI 316 stainless steel bottom. **55 litre capacity**.

Stainless steel worktop with rounded edges to ensure easy cleaning.

Laser-cut top finish to ensure a "head-to-head" coupling of tops and binding of tops to each other.

Height-adjustable stainless steel feet.
