Motorised lifting gas braising pan capacity 50 litres 80x70x85h cm

Description

Gas braising pan, stainless steel construction. Knobs made of athermal material with functional screen-printing on the edge. Balanced stainless steel lid. Sturdy handle.

Heating by means of **tubular stainless steel burners** at the bottom of the pan. Cooking vat equipped with an electromechanical valve controlled by an electric thermostat with 90°-310°C setting. Safety ensured by a thermocouple kept active by the pilot burner flame.

50 litre thick stainless steel cooking tank.

Motorised lifting system by means of a **patented system** of levers operated by an actuator.

Water filling by means of ball valve.

AISI 304 stainless steel work surface with rounded edges for easy cleaning. Stainless steel front, side and rear panelling.

Laser-cut worktop finish to ensure "head-to-head" and binding of worktops to each other.

Tested with methane or LPG gas according to user requirements.

Height-adjustable stainless steel feet.

Dimensions

Dimensioni esterne	800x700x850 mm
