Gas braising pan manual lifting capacity 50 lt 80x70x85h cm

Description

Hand-lifted gas braising pan, stainless steel construction. Knobs made of athermal material with functional screen printing on the edge. Balanced stainless steel lid. Sturdy handle.

Heating by means of **tubular stainless steel burners** at the bottom of the pan. Cooking vat equipped with an electromechanical valve controlled by an electric thermostat with 90°-310°C setting. Safety ensured by a thermocouple kept active by the pilot burner flame.

50 litre cooking vessel made of thick stainless steel.

Manual lifting system by means of a manoeuvring wheel connected to a stainless steel worm gear.

Water filling by means of a ball valve.

AISI 304 stainless steel worktop with rounded edges for easy cleaning. Stainless steel front, side and rear panelling.

Laser-cut worktop finish to ensure "head-to-head" and binding of worktops to each other.

Tested with methane or LPG gas according to user requirements.

Height-adjustable stainless steel feet.

Dimensions

Dimensioni esterne	800x700x850 mm
