**Gas braising pan manual lifting capacity 50 lt 80x70x85h cm**

## Description

Hand-lifted gas braising pan, stainless steel construction. Knobs made of athermal material with functional screen printing on the edge. Balanced stainless steel lid. Sturdy handle. Heating by means of tubular stainless steel burners at the bottom of the pan. Cooking vat equipped with an electromechanical valve controlled by an electric thermostat with 90°-310°C setting. Safety ensured by a thermocouple kept active by the pilot burner flame. 50 litre cooking vessel made of thick stainless steel. Manual lifting system by means of a manoeuvring wheel connected to a stainless steel worm gear. Water filling by means of a ball valve. AISI 304 stainless steel worktop with rounded edges for easy cleaning. Stainless steel front, side and rear panelling. Laser-cut worktop finish to ensure "head-to-head" and binding of worktops to each other. Tested with methane or LPG gas according to user requirements. Height-adjustable stainless steel feet.

## Dimensions

Dimensioni esterne	800x700x850 mm
