

Cod: 114270010682016

Electric braising pan motorised lifting capacity 50 litres 80x70x85h cm

Description

Electric motorised lifting braising pan, stainless steel construction. Knobs made of athermalic material with functional screen printing on the edge. Sturdy handle.

Heating by means of **special high-performance heating elements** operated by a thermostat and placed at the bottom of the pan. Safety ensured by a manually reset safety thermostat.

Cooking tank equipped with a thermostat that allows the temperature to be adjusted between 90°C and 300°C.

50 litre tank capacity.

Cooking vat made entirely of thick stainless steel. Balanced stainless steel lid.

Motorised lifting system by means of a **patented system** of levers operated by an actuator.

AISI 304 stainless steel work surface with rounded edges for easy cleaning. Stainless steel front,

side and rear panelling.

Laser-cut top finish to ensure a "head-to-head" matching of tops and binding of tops to each other.

Height-adjustable stainless steel feet.
