**6-burner gas cooker with pilot flame on open compartment 48 Kw  
120x90x85h cm**

## Description

6-burner gas cooker on open compartment, stainless steel construction. Knobs made of athermal material with functional serigraphy on edge.

Heating by means of **watertight burners with stabilised flame and superimposed crown with different power ratings (6 kW and 10 kW)**. Each burner is equipped with a safety gas cock that allows the power to be regulated **from maximum to minimum**. Safety guaranteed by a thermocouple kept active by the pilot burner flame.

**Floor grates and burners made of matt enamelled cast iron resistant to alkalis, acids and fire.**

Floor grates positioned on a moulded pan with rounded edges for easy cleaning and protection against overflowing liquids.

Top drain via overflow **available on request** to speed up cleaning.

Moulded AISI 304 stainless steel worktop with rounded edges for easy cleaning. Stainless steel front, side and rear panelling.

Laser-cut top finish to ensure a "head-to-head" coupling between tops and binding of tops to each other.

Tested with methane or LPG gas according to user requirements.

**Height-adjustable** stainless steel feet.

### Dimensions

Dimensioni esterne	1200x900x850 mm
