

Cod: 4463

Electric Convection Oven with Humidification 4 Trays 60x40cm Three-Phase

Description

Empty and filled croissants, toasted bread, but also Catalan cream or crème brûlée: the electric oven with GRILL allows you to prepare this and much more, giving free rein to the imagination of bakers and pastry chefs. The considerable heating power of the motor and the GRILL function shorten cooking times, enhancing the fragrance and browning of products.

Dimensions

Dimensioni esterne	784x752x634 mm
--------------------	----------------

Technical data

Alimentazione	Electric
Capacità teglie	4 600x400 mm
Frequenza	60 Hz
Motori	one-way
Peso	52 kg
Potenza Elettrica	5.2 kW
Temperatura d'esercizio	+50 +300 °C
Tipo di cottura	ventilated
Umidificazione	indirect push-button
Voltaggio	400 V
