

Cod: 112210021872722

**Electric cooker 4 square plates with three-phase open compartment 16 kW
80x90x85h cm**

Description

Stainless steel frame. Thermosetting athermic plastic knobs with useful screen-printed edges .

Heating by means of electric square cast-iron plates. Heating elements fixed to the bottom of the plate, embedded in a layer of insulating material . Each plate is equipped with a selector that allows the heat output to be varied from maximum to minimum in seven positions. Safety guaranteed by a temperature limiter placed inside the plate.

Moulded work surface in AISI 304 with a thickness of 2 mm and has an inverted design for perfect housing of the electrical plates, easy cleaning and avoiding damage to electrical parts by liquids. Front panel in AISI 304 stainless steel.

Laser-cut worktop finish for "head-to-head" coupling and fixing with edging.

Height-adjustable stainless steel legs .
