**Electric cooker with 4 cast iron plates and ventilated oven 15.65 kW
80x90x85h cm**

Description

Stainless steel frame.

Thermosetting plastic knobs. Heating by means of square electric radiant cast-iron plates. Each plate has three heating elements embedded in a layer of insulating material. Each plate is equipped with a switch that allows the power to be adjusted from maximum to minimum in seven positions. Safety is ensured by a temperature limiter placed inside the hotplate. Moulded worktop for easy cleaning and to protect electrical components from overflowing liquids. Ventilated 1/1 GN electric oven. Removable oven rack made of stainless steel rod coated with a layer of protective material. Oven floor made of cast iron and reinforced with a series of ribs. Insulation of the baking chamber and oven door ensured by a layer of ceramic fibre resistant to high temperatures. Height-adjustable stainless steel feet.
