

Cod: 5174

Air-cooled ice cream maker bowl capacity 2 x 3.2 l

Description

Ice cream scoop capacity 2 x 3.2 l. Two separate cooling and mixing systems. The machine is equipped with sophisticated software that manages its operation. The user, in addition to normal manual operation, has at his disposal: - 4 specific freezing programmes (Classic Ice Cream - Semi-Soft Ice Cream - Granita - Rapid Chilling). - 4 specific preservation programmes that can be selected according to the different needs and characteristics of the product. These automatic programmes, as well as guaranteeing optimum results, make the machine completely autonomous, leaving the user free to devote himself to other activities. The machine is equipped with wheels with brakes, making it easy to move where required. Cleaning is facilitated by the drain taps. AISI 304 stainless steel blade with adjustable scrapers. Air-cooled.

Dimensions

Dimensioni esterne	660x435x1055 mm
