

Cod: 5204

AUTOMATIC stainless steel external extraction packaging machine 400 mm sealing bar

Description

AUTOMATIC stainless steel outer-extension packaging machine with 450 mm sealing bar. Ideal for small retail outlets. Sturdy and reliable over time, it offers the possibility of serving the packaged product "on sight", increasing its conservation and freshness over time with a consequent increase in service and image. Ideal for products with a low moisture content (cold meats, cheese, coffee, etc.)
