

Cod: 5214

AUTOMATIC stainless steel external extraction packaging machine with 350 mm sealing bar Single-phase

Description

AUTOMATIC stainless steel 350 mm sealing bar external extraction packaging machine. Ideal for small retail outlets. Sturdy and reliable over time, it offers the possibility of serving the packaged product "on sight", increasing its conservation and freshness over time with a consequent increase in service and image. Ideal for products with a low moisture content (cold meats, cheese, coffee, etc.)
