

Cod: 1172

Pasta cooker with 2 baskets with built-in sauce warmer

Description

This counter-top pasta cooker is ideal for any type of pasta: dry, fresh or frozen. The large baskets, each of which can hold a double portion, allow for high productivity and the convenient built-in sauce warmer ensures that sauces are always ready at the right temperature. For maximum hygiene and ease of cleaning, all parts in contact with foodstuffs can be removed in an instant.

Dimensions

Dimensioni esterne	650x470x550 mm
