Doner Gyros Gas Kebab Cooker 25-30 kg

Description

Ristoattrezzature's **doner gyros gas kebab** cooker is equipment specialised in cooking oriental dishes that is **safe, practical and versatile**. With just one tool, in fact, you can prepare several dishes: **shawarma sandwiches, kebabs and other grilled dishes** for a **maximum capacity of 25-30 kg**.

The vertical spit is perfect for cooking meat, along with spices and flavourings, by rotating on itself. Cooking is done by the heat produced on the sides by burners that give a crispy taste to the outside of the meat.

Design and operation

The **doner gyros kebab cooker** for gastronomy is characterised by a minimalist design. The compact shape of the appliance makes it versatile and suitable for any available space.

The **construction** is **stainless steel** and the **external dimensions** are **580x630x950 mm**. This professional grill is also equipped with 4 gas burners with gas protection device and each burner

measures 18x12 cm.

For perfect preparation, the grill spit is adjustable and can be turned to the right and left with automatic rotation. In addition, the **doner gyros kebab cooker** is equipped with an easy-to-remove stainless steel drip tray.

It operates on gas with an output of **15.4 kW**. Standard nozzles for natural gas are included in the scope of delivery, and LPG nozzles can be selected as an option. Make sure that the conversion is carried out by an expert.

Cleaning and maintenance

Working hygienically is essential when preparing food. Cleaning the **doner gyros gas kebab cooker** is therefore practical and quick. The housing, spit and plate are made of stainless steel.

Simply unplug it and wait for the grill to cool down. Then remove all parts that come into contact with the meat and soak them in a **solution of water and mild detergent**. **Carefully clean all parts** with the help of a soft cloth and leave to dry.

Do not use abrasive tools to avoid damaging the professional equipment. This will ensure longevity and durability of your equipment.

Why it's the right product for you

One product for many dishes, with the **doner gyros gas kebab cooker you will optimise** preparation **time and space**. Depending on the type of meat and other ingredients used you can cook kebabs, Greek gyros and shawarma.
