## Stainless steel coffee machine base unit with dishwasher compartment and drawer 1500x600 mm

### Description

The Ristoattrezzature **coffee machine stand** is an indispensable element for the correct management of bar service. A **solid, compact and versatile structure**, it offers itself as a valid support for carrying out daily work.

Organise your work space in a functional manner by choosing the **coffee machine base unit with dishwasher compartment and drawer** that will allow you to organise all the cleaning and washing phases even in small spaces.

Many functions are in fact concentrated in the space of the back counter. **Serve coffee to your customers quickly and quickly** by relying on the quality of our products.

### Design and operation

There are several elements to take into account when designing a coffee bar: first of all, the

work space, which must be comfortable and functional.

Ristoattrezzature's **coffee machine base unit with dishwasher compartment and drawer** is the ideal solution for optimal space management as it offers a valid point of support and washing.

**Ergonomic and functional**, the cabinet is equipped with a large worktop to keep all professional equipment within easy reach.

Choose the size that suits you! The depth is about 60 cm. The **external dimensions are 1500x600x1100 mm**.

**In the free space there are outlets for dishwasher or washing machine drains that you will insert for faster cleaning of dishes.** The drawers are a very convenient solution for keeping frequently served drinks, beverages and bottles tidy.

Finally, the beater **drawer makes it easier to tap the coffee machine's arm**, ensuring better cleaning of the filter holder, leaving no residue of coffee already used lying around, and a worktop that is always clean and tidy.

The **structure is entirely made of stainless steel**: the material of choice in the kitchen. **Hygienic, robust, resistant and easy to clean.**

## Cleaning and maintenance

For thorough cleaning of our **coffee machine base unit with dishwasher compartment and beater drawer** for pubs and bars, we recommend the use of:

- **Non-abrasive sponge;**
- **mild detergent.**

Hygiene in the kitchen comes first and the use of stainless steel for the construction of the back counter facilitates this. In addition, it resists corrosive agents and high temperatures well.

## Why it's the right product for you

The **coffee machine back counter with dishwasher compartment and beater drawer** for bars is a professional piece of equipment designed to provide a practical workstation and more counter space for the public.

**Ideal for small, medium or large businesses**, the retrobase is a valid support for the coffee machine, ensuring easier preparation management. Buy it to organise your space in the best possible way, **taking advantage of the many storage spaces it offers.**
