

Cod: 6274

**Professional ventilated tunnel gas pizza oven in stainless steel with digital control panel and stand included chamber 650x1000x100h mm**

## Description

The stainless steel tunnel oven line is suitable for various baking needs (bread, pizza, vegetables, gastronomic preparations). The conveyor belt ensures increased productivity and, thanks to the baking inspection door, there is no need to check the oven while in use. Easy to clean, the reduced time to reach the desired temperature and convection cooking also allow significant energy savings in its gas version. External dimensions with stand: 1990.5x1360x1090h mm.
