

Cod: 19260270

**Safe 7 levers with double map female key with electronic digital dialer lock
600x430x800h mm**

Description

7-lever safe with female double bit key with electronic digital combination lock. One-piece, 4 mm-thick sheet steel structure, with robust, bent internal profiles that give the product excellent solidity. 80 mm thick door, internally reinforced and with a tear-proof interlocking profile on the hinge side. Locking system by means of a 3-expansion crossbar driving 6 bolts with a diameter of 22 mm. Protection of the lock mechanism with manganese steel plate.
