

Cod: 19250270

Safe 7 levers with female double bit key with mechanical 3-disc combination lock 600x430x800h mm

Description

7-lever safe with female double bit key with the addition of a 3-disc mechanical combination lock. One-piece 4 mm thick sheet steel structure, with strong internal bent profiles that give the product excellent solidity. Door 80 mm thick, internally reinforced and with a tear-proof interlocking profile on the hinge side. Locking system by means of a 3-expansion crossbar driving 6 bolts with a diameter of 22 mm. Protection of the lock mechanism with manganese steel plate.
