

Cod: 3240632

Stainless steel table on legs and splashback 600 mm deep 1800x600 mm

Description

Hot drink dispensers

Hot drink dispensers are hotel products suitable for dispensing coffee, tea, chocolate and other hot breakfast drinks.

Once the tanks or carafes are filled, customers can serve themselves with their favourite beverages thanks to practical dispenser taps.

Hot drink dispenser types

There are different types of hot drink dispensers in our catalogue:

- hot water dispensers for tea preparation, in different sizes and capacities;
- hot chocolate dispensers in different formats and capacities;
- thermos for ready-made tea;

- beverage vending machines of various types, dispensing tea, coffee and chocolate according to customer selection.

Beverage vending machines can be equipped with a digital display and touch button selection.
